## Penn State Lutheran Campus Ministry

Semester after semester, Lutheran Campus Ministry gathers students for worship, dinner and conversation, Bible study and discussion, service events and social events. They find a welcoming community, relevant worship, opportunities to explore questions about life and faith, and grow in their understanding of God in the context of their own lives.

This has been a difficult time in the Penn State community. There have been startling accusations, horrifying details, troubling reactions, deep compassion, and overwhelming attention. Of course, the end is nowhere in sight. Students are concerned about the reputation of their university, their job prospects, and the possibility of being labeled as a result of actions far from their lives.

As people of faith, the brokenness of human beings and human institutions ought not to surprise us, but it still does. As people of faith, we know that **God is present in the crisis, bringing light in the darkness**. Lutheran Campus Ministry continues to work on campus, reaching out to students and others in the campus community in the name of Jesus Christ, who brings healing and redemption in the face of pain and struggle.

Please **pray for those who survive abuse and for students** as they learn and grow through their coursework and the events around them. Pray for those who work with students, and those will guide the university into the future.
