(You will note that the Cluster Groups for CU Promoters and Cluster Promoters are different. Cluster Promoters assigned groups are marked in groupings with a #1 and #2 behind the Cluster areas in the chart below.) CU Promoters and Cluster Promoters are assigned the groupings based on geographic area of their homes in the synod.

Congregation Unit Promoters are appointed by the LS SWO Board and are available to any congregation in their assigned cluster groups who need help to reorganize a unit, start a new unit or ideas to help struggling units continue. Please feel free to contact the CU Promoter in your cluster for help.

Cluster Coordinators help plan Cluster Events in their areas with the help of the LS SWO Board Member assigned as Cluster Liaison for their area. Cluster Coordinators work with each congregation in their assigned cluster to plan yearly Cluster Events or as many as desired in their area. It is suggested yearly events be planned with another cluster in their area for fellowship and learning, thereby sharing the workload to host and execute the events. This also helps identify new leadership for the clusters. Please contact your CC if you are a congregation unit leader who is willing to help plan or host an event.
