

# Reimagining Faith Formation Project

## *Faith Forming Congregational Assessment Tool*

The Congregational Assessment Tool provides a way for your congregation to examine how it is forming faith through congregational life, family faith formation, and age-group faith formation. Engage the whole team (and other leadership groups) in completing the assessment tool. Rate each item on a scale from poor practice (1) to excellent practice (4). Items that receive a rating of 4 (excellent) or 3 (good) indicate areas of strength. Items that receive a 2 (adequate) or 1 (poor) indicate areas for growth. Compile the results for all of the assessment tools into one report. Analyze the results and circle the items that are in need of attention and development (scores of 1 or 2) and items that your congregation wants to strengthen even if it received a score of 3 (good).
