2014 Mission Snapshot

Our Mission Support and Partnership at Work

45¢ of every dollar given for mission support in our synod goes directly to the ELCA to support ministries we value and do better together: global mission, malaria eradication, educating women, rostered leader scholarships, new and renewed missions, training leaders, and more.
55¢ of every dollar stays in our synod, and this is how we serve together to *feed others as we have been fed by Christ*:

ENGAGING IN NEW MISSION

To do better together as our Lower Susquehanna Synod and ELCA what we cannot do alone as congregations, we ask you to consider holding your mission support at 2014 levels for two years. We invite you to consider adding 2% to your mission support so that we can meet our mission plan and continue to make a real difference in the life of our synod and in this world.
