Our tutoring program is a one student to one tutor environment. You will be with the same student throughout the year. Students bring homework and/or other school related tasks to work on. Additional activities and resources are available at both locations.

For more information or to register, please contact Shari Young at 717-586-9310 or [ycltutoring@gmail.com](mailto:ycltutoring@gmail.com).

***All our volunteers must go through both Criminal Background checks and Child Abuse checks. These are done with no charge to the tutor.***
